Gitennes will grant to Kintavar a 1.5% NSR on each property and Kintavar will grant Gitennes the right to purchase at any time 1% for C\$1.0 million.

"Kintavar continues to leverage its exploration experience in Quebec and to gradually divest its non-core assets while gaining exposure to gold exploration through those transactions. We are very excited to work with Gitennes who recognized Quebec as a mining-friendly jurisdiction and the gold exploration potential in this province." commented Kiril Mugerma, President & CEO of Kintavar Exploration.

Kintavar Exploration is a Canadian mineral exploration Corporation engaged in the acquisition, assessment, exploration and development of gold and base metal mineral properties. Its flagship project is the Mitchi property (approx. 30,000 hectares, 100% owned) located west of the Mitchinamecus reservoir, 100 km north of the town of Mont-Laurier. The property covers an area of more than 300 km<sup>2</sup> accessible by a network of logging and gravel roads with a hydro-electric power substation located 14 km to the east.
